### Scientific Coordination of the Portuguese Language Preparatory Course

### Evaluation of Candidates for Admission to the Preparatory Course of Portuguese Language

### School Year 2023-2024

On the 24th of July 2023, the team responsible for the Scientific Coordination of the Preparatory Course of Portuguese Language met for the assessment and selection of candidates that presented the request for reconsideration of their applications. The scientific coordination of the course is composed of the coordinator Professor Susana de Fátima Póvoa Alves Fontes and the members, Professor Cristina Madureira dos Reis and Professor Malik Amraoui.

After examining the new documentation submitted by the candidates Hamza Yakra and Zaim Ayoub, citizens of the kingdom of Morocco, to the Portuguese Language Preparatory Course and following what is established in the Dispatch VRE.8.2023 of the Vice-Rector for Education, the team responsible for the Scientific Coordination of the Course proceeded to the seriation of these candidates by quota.

The tables below present the candidates by contingent, the courses chosen by the candidates, the final score obtained and the result attributed to each candidate.
