

TEN GOOD REASONS TO CHOOSE UTAD

1. The guarantee of a quality training process that provides you with solid skills as you enter the job market and launch your career;
2. To be part of an academic environment that has helped to prepare well-known and valued institutional, political, business and cultural leaders;
3. To participate in an academic community that is concerned with your success, values close relations between staff and students and offers internships and international exchange opportunities;
4. To be part of a young and dynamic university with a strong identity and modern infrastructures;
5. To have access to more than 100 undergraduate, masters and doctoral programmes with flexible study plans that respond to the needs of society in a wide range of areas;
6. To be part of a teaching and research institution that interacts with society, serving it energetically and responsibly, and contributing to a more sustainable development of the region, the country and the planet;
7. To join an academic community with 500 highly qualified teachers and researchers supported by a large team of staff;
8. To have access to social services such as accommodation, canteens and restaurants, medical treatment, psychological counselling, sports and cultural activities of proven excellence;
9. To study in a campus that is one of Europe's largest botanical gardens, in a green space that brings together teaching, research, culture and sports;
10. To study in a safe city and campus, with easy access that provide a high quality of life at reasonable cost, close to the matchless splendour of the UNESCO World Heritage site – the Douro Valley Landscape.
